Education

Manipal Institute of Technology, Manipal

July 2024 - Present

Bachelor of Technology in Data Science | Current CGPA: 7.28 / 10

IIT Madras

Sep 2024 - Present

BS in Data Science and Applications (Diploma Level) | Current CGPA: 6.69 / 10

12th Percentage: 97.6% | 10th Percentage: 93.8%

Relevant Coursework

Data Structures, Algorithms, DBMS, Machine Learning, Statistics, Object-Oriented Programming, Computer Networks

Projects

AI-Powered Phishing Detection System | Python, Flask, Scikit-learn, LightGBM, Pandas, NumPy

- Collaborated in a 6-member team to build a two-stream stacked ensemble (LightGBM + Random Forest with a logistic regression meta-learner) for phishing URL detection on the CompPhish dataset (15,358 samples, 70 features), achieving 97% accuracy and a ROC-AUC of 0.9956 on a 3,072-sample test set.
- Led backend development and system integration - built the Flask API connecting the trained ensemble model to an interactive web interface that delivers confidence-based phishing classification results in real time.

Paw Support - Pet Adoption & Welfare Management System | HTML, CSS, JavaScript, Node.js, MySQL

- Collaborated in a 3-member team to design and develop a full-stack pet adoption and resource management platform using Node.js/Express and MySQL, implementing role-based authentication for donors and NGOs.
- Built the login page, the NGO dashboard, and the donor adoption page, and contributed to backend development connecting the frontend to the MySQL database via Node.js/Express.
- Contributed to the team's normalized MySQL schema (7 relational tables with 3 stored procedures, 5 user-defined functions, and 5 triggers) that automates status-based workflows (Pending -> Assigned -> Delivered, and adoption approvals).

Technical Skills

Languages: Python, Java, C, C++, JavaScript, SQL

Frameworks/Libraries: React, Next.js, Flask, Node.js, Pandas, NumPy, Scikit-learn, TensorFlow

Databases: MySQL, PL/SQL

Developer Tools: Git, GitHub, VS Code, Jupyter, Power BI, Tableau

Positions of Responsibility

Management Committee Member - Lean In Manipal (Technical Club)

- Contributed to planning and executing technical club initiatives and events as part of the management committee.

Associate Committee Member - Kalakriya (Dance Club)

- Supported event coordination and creative planning as an associate committee member.

Event Organizer - Kernel (Cybersecurity Event), TechTatva

- Organized a cybersecurity-focused event as part of TechTatva, MIT Manipal's annual techno-management festival.

Certifications

- IIT Madras BS in Data Science and Applications - Foundation Level Certificate
- JPMorgan Chase & Co. - Software Engineering Job Simulation (Forage)
- Introduction to Modern AI - Cisco Networking Academy
- Apply AI: Analyze Customer Reviews - Cisco Networking Academy
